18. Tie Breakers for Round Robin Play

 - If three teams are tied, the following system will be applied in games **between the tied teams**:
 1. Best win record in games played between tied teams
 2. If still tied, the team with the best goal average in all games would qualify.
The goal average of a team is determined by dividing the total number of goals by the total number of goals for and against. Note that a maximum of 7-goal differences per game will be used in the calculation of the game ratio. This will be calculated

from the actual "goals for" of the losing team in the particular game.

3. If still tied the team with the fewest goals against.
4. If still tied, the team with the most goals in all the games played. Note that a maximum of 7-goal differences per game will be used in the calculation of the game ratio. This will be calculated from the actual "goals for" of the losing team in the particular game.
5. If still tied, the team with the least number of minutes in penalties.
6. If still tied, a coin toss.

Note: Once a step in the three or more team tiebreaker establishes a team(s) ranking, they assume that position and the remaining teams go to the next step. They do not go back to a "Two Team Tiebreaker".

19. In case of forfeit, the score will be entered as 5-0.
20. Home team shall wear dark unless otherwise agreed upon.
21. Decisions made by the tournament committee are final.

****Please note, if a player receives a penalty that results in a suspension it is the responsibility of that player's coach to work with their AD and league disciplinarian to determine length of suspension. We will send the report to the Valley disciplinarian who will immediately pass along the information to your local person in charge of suspensions. When in doubt, sit the player as the suspension is hefty for a coach who plays a suspended player whether intentional or not.****
